

Polar A360

Ready When You Are

With nearly 40 years of innovation in wearable sports technology, Polar is setting a new standard for heart rate monitors with the introduction of the A360.

This waterproof fitness tracker is Polar's first wrist-based heart rate monitor that offers personalized training guidance as well 24/7 activity tracking. It even has smartwatch features like smart notifications and a color touch screen.

Take it everywhere – it's ready when you are.

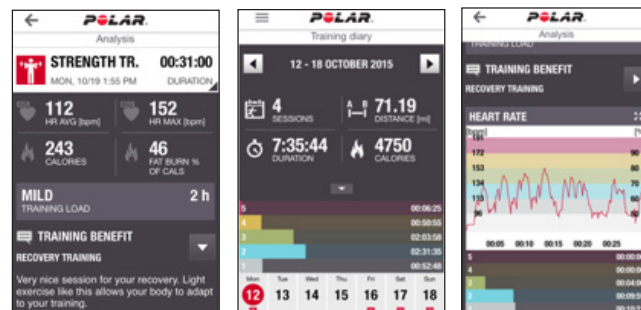

Key Benefits:

Optical Heart Rate	• Continuous, accurate heart rate without a chest strap
Activity Tracking	• Steps, calories, activity goal and sleep
Color Touch Screen	• High resolution, touch screen navigation
2 Week Memory	• 14 days of memory with 24/7 activity tracking and 1 hour daily heart rate session
Mobile Connectivity	• Seamless communication via Bluetooth Smart to Polar Flow app on mobile devices
Vibration Alert	• Be alerted for periods of inactivity and smart notifications
Smart Notifications	• Get notifications of incoming calls, messages and calendar

Flow mobile app

Transfer activity and exercise data via Bluetooth® Smart to your mobile device for on the go analysis

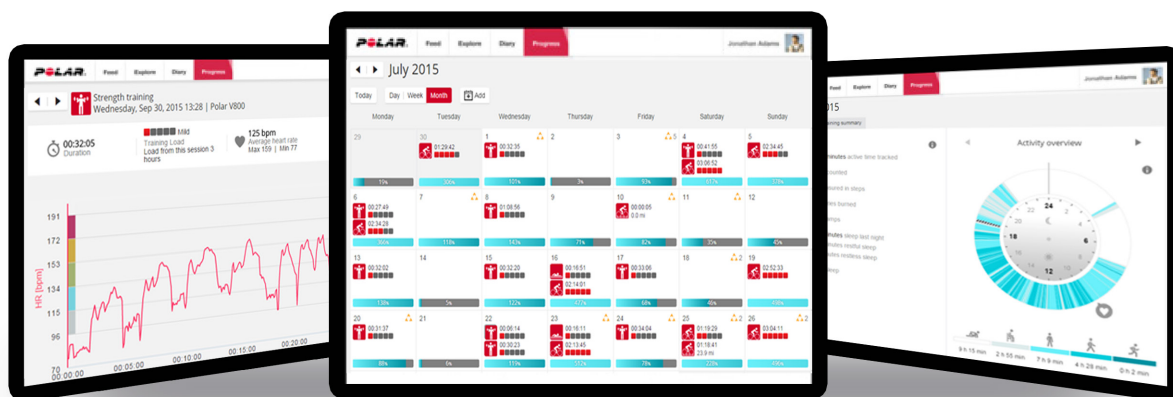

Analyze your activity from the day including the total number of steps, calories, active time and the quantity and quality of sleep

Revisit your exercise sessions with not only a training diary but also a session overview with heart rate graphs.

Flow web service

Gather more detail on your exercise session with our free online training community at www.flow.polar.com

Click on a calendar date to see a summary of your day, including total active time, number of steps taken and calories burned.

Customize your A360 to fit your mood with changeable wristbands in distinctive colors

Comfortable and lightweight, replacement bands are made of soft silicone

*Wristband accessories available for \$24.95.
